9/5/26. Clerk's report on Outstanding Matters
Heynings Close – Resident Concerns

I received the following concerns from a resident:

1. I am becoming increasingly concerned with the amount of cars parked across the pavement throughout the village. They are often fully blocking the path which means pedestrians including myself are having to walk into the road or over wet/muddy grass to get past them. This could cause serious issues particularly for many including those who use wheelchairs/the less able or for those with pushchairs. Is there anything the parish council can do about this?

Clerk Response

Thank you for raising your concern, the best course of action for this would be to report any obstructions on Fix My Street

The Parish Council have no authority with regards parking, but the Parish Council has leafleted the village previously raising this issue. We are currently drafting our next Newsletter, and I will ask the council for this issue to be included.

If it's reported through the above link, this will highlight specific issues to the County Council (Highways) and District Council, and they should then act accordingly.

➤ It was **resolved** that this issue be included in the Newsletter Agenda Item 16.

2. I wonder if you can advise about the green space outside of our house XX Heynings Close. What is the permitted/official use of this space? Goalposts have been put up very close to a resident's window, and they are concerned about privacy and footballs hitting window. If it is classed as a green does this mean it can be used as a children's play area? And can they put and leave structures such as goal posts?

Clerk Response

I am pretty sure it can be used as a play area. Mainly due to the fact that this was its intended use when Heynings Close was built. A play park was supposed to be built but Gelder's decided not to erect it even though it formed part of the approved plans and the land was subsequently given to the Parish Council.

However, I do understand your concerns which is why I have passed your email onto the Parish Council.

With regards the Grass cutting in Heynings Close, Councillor Coulson spoke to the resident that cuts the grass in and confirmed what needs to be cut and he was happy with that.

In addition to the above, there is a driveway way between the two grass patches that is also owned by the Parish Council which will need to be included in the weed killer supplied by WLDC. **Action EC**

Station Road Trees

No form of response received. Councillor Morphet – If a tree looks like it is dangerous, it should be reported via 'Fix My Street' which should then reach LCC Highways. It was **resolved** that this be included in the Newsletter Agenda Item 16.

LALC Training

The next Zoom Councillor Induction & Refresher is 20.07.26 at 6pm. Unfortunately, Councillor Ryves cannot attend this on this date. The Clerk will keep her updated on future dates.

ICO Concern

An ICO concern was received by The Clerk 12.03.26. This was circulated to all Councillors and a response to the concern was submitted 25.03.26.

As a result of the concern raised, minor changes have been made to council procedures.

The Clerk has downloaded information and circulated.

10/5/26. Correspondence
